Plan options

You have a choice of two plans from Centivo – both of which offer high-quality care and lower costs for you and your family.

Centivo Copay Plan

There is no deductible with this plan, so it pays right away. You'll have low, predictable costs so you'll always know what you'll owe, if anything, before going to the doctor.

Centivo HSA Plan

This plan has a deductible and higher out-of-pocket costs but can be paired with a health savings account (HSA) for pre-tax contributions.

Partnership makes these plans different

It's proven that working with a primary care doctor can help keep you healthier, improve your healthcare experience and reduce emergency room visits, all of which keep your costs lower. That's why these plans are focused on a relationship between you and your personally selected doctor.

For most specialist care, you'll need a referral from your primary care doctor. This referral process makes sure you'll get the right care for your needs from in-network doctors. No referral is needed for OB/GYN, emergency, urgent care, behavioral health, labs, X-rays and specific therapies.

Plan features

Both Centivo plans offer the same coverage and benefits as other plan options, but Centivo plans offer a vetted network that only includes providers who meet high quality standards. Both Centivo plans offer:

- FREE primary care*
- Pre-set copays*
- Care at the Mutual Health Center covered at 100%*
- Urgent care covered as in-network when outside the Centivo Network area
- Emergency care covered as in-network no matter where you are

Doctors you can see

The Centivo Network is built on local, high-quality providers and health systems you know and trust.
